

“...the service is web based but they also talk to you to find out what you need and to help in any way they can. I will definitely use again...”

NEVILLE

The Client

Based in Bedfordshire, T & E Neville Ltd has established a reputation across a wide range of building and maintenance works.

Our Contact

Paul Tysoe
Estimator
TE Neville Construction

The Project

Challney High School For Boys, Bedfordshire

The Value

£3 million

The Challenge

TE Neville Construction asked BR Network to assist on this project which was then at Tender stage to find Companies interested in pricing the job.

The challenge was to fill every trade a relatively short notice for a project that had not yet been secured.

The Solution

Tender Alerts were sent to all relevant companies for each trade and this was followed up with a telephone call and e-mail.

Two dedicated staff were assigned to this project alone to ensure a successful and prompt delivery.

The Results

The job was successfully delivered and Tenders sent to BR Network Customers to price.

TE Neville Construction went on to win the project meaning that many of the sub-contractor customers who priced at tender stage went on to secure work.

“I used BR Network because I needed to find good subcontractors in an unfamiliar part of the country, BR Network was beneficial to me. They managed to find some good professional subcontractors willing to provide quotations for building projects. BR Network was simple to use. The service is web based but they also talk to you to find out what you need and to help in any way they can. I will definitely use again.”
